## **FUNDRAISING ADVENTURE CHALLENGE LONDON TO PARIS CYCLE, JUNE 2015**

### **INTRODUCTION**

In June 2015, 10 fundraisers from [Cambridge Community Church](#) cycled from London to Paris to raise funds for the building of their new church in Cambridge. Over four days they cycled 275 miles from London, through Kent, crossed over the English Channel, then through Northern France to Paris.

The team secured individual and group sponsorship for completing the ride and fundraised over £11,500 which was used to purchase children's play equipment for the church.

[More Adventure](#) specialise in planning and running bespoke professional adventure events in the UK and overseas. We have helped numerous companies and charities realize and exceed their Fundraising Adventure Challenge objectives.

**"We highly recommend More Adventure. The team were friendly, efficient, well organised, professional and thoroughly decent guys.**

**We loved it. The whole thing was well organised, taking out any stress of having to plan a route, arrange accommodation, food or backup support. We exceeded our fundraising target, raised £11,500 and had some very good press coverage along the way which helped raise the profile of the building project"**

**Steve Campbell**  
Senior Pastor, Cambridge Community Church

### **WE WOULD LOVE TO HEAR FROM YOU!**
