 13th - 17th October 2022

Girona has long been the playground and training venue for amateur and professional cyclists alike. With plenty of sunshine, excellent accommodation options, numerous amazing routes, impeccable tarmac and fabulous food, it's easy to see why. Roads tend to be quiet with locals courteous and well accustomed to lycra-clad pedallers. The town is vibrant and packed with world-class coffee, restaurants and plenty of nightlife. With Les Gaverres mountains to the south, the Pyrenees to the north and the Costa Brava to the east, it's difficult to choose from the countless cycling opportunities. We can be flexible with each day's ride, but below are some suggestions of rides from our hotel base in Girona.

Highlights

- Wandering through the brightly painted facades in the old town of Girona
- Cycle along roads used by world champion cyclists
- Sample well-deserved coffee and cake at the fabulous cycling cafe's of Girona
- A sweeping descent to the sea at Tossa de Mar
- Perfect tarmac above dramatic red cliffs and crystal clear turquoise sea of the Costa Brava
- Massage time at Aqus Banyes Romans, a spa housed in an ancient hospital in Girona

Detailed Ride Itinerary

Day 1: Arrive Barcelona, transfer to Girona, warmup loop

You will be met by the More Adventure team at Barcelona Airport where you'll be transferred with your bike and luggage to Girona. Here we'll assemble bikes (or if you've hired a bike visit the hire shop to collect), get changed into cycling gear and begin our trip with a short loop either to the Banyoles Lake or the Vall de Llémana. This is a good opportunity to get a feel for the area, acclimatise to the weather and begin to understand why Girona is a cycling mecca.

Day 2: Els Àngels Circuit ride (71km & 1080m ascent)

After breakfast in our hotel, we'll begin with a classic of Girona - the *Els Àngels Circuit*. This fabulous route is the perfect introduction into the climbs of the area, made famous by Lance Armstrong who dubbed it the *perfect short high-intensity ride*. We'll be taking a rather more leisurely pace, taking time to soak up the peaceful rolling roads, medieval villages and stunning views. The route heads east from Girona and begins to climb 3km from the town. The first summit of the day is Santuari dels Àngels, a chapel where Salvador Dali got married. From the lookout there are views in all directions from the coast to the Pyrenees. An epic descent then leads to the small village of Monells. A further 8km leads to Santa Pellaia at the bottom of the second climb, a gentle ascent through dense forest which averages 3.4%. After another exhilarating descent it's a relatively flat return to Girona passing through the pretty villages of Sant Andreu and Fornells de la Selva.

Day 3: Costa Brava Coastline loop via Sant Grau (95km & 1230m ascent)

Experiencing the epic coastline of the Costa Brava is an absolute must whilst visiting Girona. With perfect tarmac above dramatic red cliffs and crystal clear turquoise sea, it wows even the most seasoned cyclist. We head south from Girona along quiet country lanes to Llagostera before heading southwest into the mountains on our first climb of the day. A dazzling descent then leads to Tossa de Mar where our route reaches the sea. Here we'll most certainly stop for coffee, cake and to admire the silky shoreline of the Costa Brava. We'll then ride northeast along the stunning coastal road above sandy beaches and crystal seas before the turn off to Sant Grau, our main climb of the day. With an average of 5%, the 6.3km climb is relatively painless but with a tough final few hundred metres. The views of the ocean throughout are absolutely breathtaking! At the top we'll stop for refreshment in the unique restaurant housed in the Sant Grau monastery. From the top we descend 10km back down to Llagostera to rejoin our initial ride out back to Girona.

Day 4: Rocacorba climb or Cabanelles loop (with optional Mare de Déu ascent)

We have a few options for our final day's ride. Option 1 is to tackle Girona's most famous climb, Rocacorba. It has been used for two decades as a training climb for countless professional riders in their efforts to conquer it in sub 30-minutes, an impressive feat for even the hardest of cyclists. From Girona it's an 80km out-and-back ride with an elevation gain of 1160m and comes with a great deal of bragging rights! Alternatively, we could head out north to Cabanelles and back on a 76km ride, a leisurely loop through the rural landscape north of the town. For the keenest of riders we could tag on a cheeky ascent of Mare de Déu, one of the hardest climbs in the area - 18km with an average of 5.4% up to a max of 14%!

Day 5: Girona - Barcelona airport

This morning you will be transferred to Barcelona airport for your flight home with your bicycle and luggage. Here the trip ends and we say our farewells.

Trip Notes

Trip suitability

You will be cycling for between six and eight hours each day but this is not a race! This is a group trip and we like to cycle as such. You will be cycling through rolling countryside which will be hilly, and the pace will be determined by your Cycle Leader. If you are unable to keep to this moderate pace, you will be asked to travel in the support vehicle.

You must prepare before coming on the trip, anything cardiovascular will help as will of course cycling. Importantly you need to do some 6+ hour cycles so you will know what is required. **You will need to get some hill practice in!**

Weather & Climate

The weather in Girona is largely stable throughout the year with plenty of sun and high temperatures. **It is absolutely essential that you are prepared for high temperatures, strong sunshine and are able to carry up to 1.5 litres of water.** However it is also essential that you are prepared for colder temperatures (particularly for the descents), it can rain at any time of the year and mornings can be chilly. Our recommendations on what clothing to bring will be issued upon booking.

Health

Your health and safety is our number one priority during any trip with More Adventure. For this reason, our leaders are the very best in the business, they all hold relevant outdoor First Aid Certificates and have hands-on practical medical experience in a variety of environments.

It is recommended that you visit your GP well in advance to discuss your trip and any pre-existing medical conditions you have. We will require a comprehensive medical declaration form that may need to be verified by your GP.

Insurance

It is absolutely essential that you obtain personal travel insurance before booking any trip. As a minimum, we require your cover to include medical expenses including emergency repatriation. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and damage/loss of luggage and personal effects (including your bicycle).

We also recommend you take out bicycle insurance for this trip. If you're looking for reasonably-priced, specialist bicycle insurance, we have teamed up with [Yellow Jersey Cycle Insurance](#).

They offer specialist cover for bicycles includes all the standard cover you'd expect but also cover other things like race fee cancellation, crash damage, wheels cover and even theft from inside a vehicle. Use the code MOREADV10 for 10% off.

Please be aware that your More Adventure leader will be checking your insurance documents on the first day of this trip and may refuse you to join the trip if your insurance cover is insufficient. The insurance company's 24 hour emergency contact number will need to be seen by your leader.

Money

Lunches and evening meals tend to cost between £15 and £20 each. You will need Euros to spend in Spain.

Accommodation

Accommodation for this trip is in an excellent quality hotel in Girona which has hot water showers, excellent amenities and secure bicycle storage. It is based upon twin sharing.

Food

Breakfast will vary each morning but will generally be continental-style with hot drinks and juices. Lunches will be eaten in local cafes along the way. We will also be stopping at shops and cafes along the way for you to buy snacks and drinks.

Lunches, evening meals and drinks are not included in the price and we will eat out as a group at a local cafe/restaurant. Approximate costs per lunch/evening meal £15 - £20.

Bicycles

If you are planning on bringing your own bicycle for this trip then you will need to pack it for your flight. There are numerous ways of doing this, but one of the easiest is to hire or buy a hard plastic bike box. You will then need to dismantle the bicycle to fit into the box and reassemble once you reach your destination. Some airlines count a bicycle box as normal checked-in hold luggage, with other airlines a supplement is required. Further information and tips for flying with a bicycle will be issued upon booking.

It may also be possible to rent good quality road bikes for this trip. Please email info@moreadventure.co.uk for further information.

Equipment

We recommend road bicycles for this trip. Please contact us if you are unsure whether your bike is suitable.

Bikes are not included in the price. It is very important that your bike is in good working order and that you bring plenty of spares. Please bring at least two spare inner tubes. Your Cycle Leader will assist you with any minor bicycle repairs.

You must bring suitable, reasonably new tyres (e.g. Continental Gatorskin, Bontrager AW2; Schwalbe Marathon Plus). We recommend using [Wiggle \(click HERE\)](#) or [Chain Reaction Cycles \(click HERE\)](#) for the best value and quality in cycling clothing and equipment.

We do not provide helmets but we strongly recommend you bring your own to wear.

If you wish to hire a bicycle instead of bringing your own, you can hire excellent quality carbon bikes from between €60 - €100 for the trip. We will visit hire shops on Day 1 to pick your bike up and the More Adventure team will drop it back off on the final day.

Clothing

It is crucial to be prepared for the weather! The trip will continue in all but the absolute worst of weathers. Generally the best clothes to wear while cycling are light and comfortable. Please bring a lightweight waterproof top and a lightweight windproof top for the long descents. Make sure you bring enough clothes for each day cycling and for evening meals. Better to “have and not need than to need and not have”!

Luggage

All luggage will remain in the hotel as you cycle but you will need to carry inner tubes, snacks and water. The support vehicle will however be on hand to carry further spares and layers if required. Bike boxes and bags will be transported to the hotel upon arrival.

Leaders

This trip is led by at least one experienced and qualified cycle leader who will cycle with the group at all times. They guide and encourage the group, and help deal with any bicycle mechanicals. In addition to this, another leader drives the support vehicle offering assistance where necessary and transfers all luggage from one hotel to the other.

This trip will run on a minimum number of 8 persons. Please do not book any transport to/from the trip until it has been confirmed by email that it will run.
