TENERIFE CYCLING EXPLORER

Six days of winter sun on the pros' training roads: Mount Teide from three sides, Vilaflor, El Médano and the wild Teno mountains.

OVERVIEW

Six days of cycling in the sun on the same roads as the professionals: quiet roads, warm temperatures all year, Alpine-length climbs, epic descents and a cold drink by the pool every evening.

Cycle through the "island of the eternal spring" with the impressive Mount Teide (3718m/12198ft) as the unmistakable centerpiece of the island. Tenerife also boasts the longest ascent in the whole of Europe – at 23 miles of riding, you'll ascend over 6890ft! With over 25 ways to climb Mount Teide, there is always a new way to experience the mountain. Unlike the UK, the climbs are generally fairly gradual, meaning you can get into a nice rhythm and work on your cycling tans! The gradients average at between 5% and 10% so they're not like the lung busters of Scotland or the Lakes, but perfect for working on endurance. You'll also be cycling at high altitude (in Tenerife you can cycle for hours at over 6562ft). This is a great way of taking your training to the next level and be a step ahead of your cycling peers at home. After your airport pickup, you will be transferred to our base hotel in the resort of Los Cristianos which is a few minutes from the beach. Here you will be briefed by your More Adventure leaders who will waste no time in getting the trip underway and you out cycling on some of the finest roads in Europe. Each ride is fully guided and supported by a cycle leader and fully kitted out support vehicle. The rides are not compulsory, so if you would like a rest day on the beach, you are more than welcome!

★★★★★

"Tremendous organisation and top quality adventure management. Skilled and experienced, Tom and his team were always on top of the ride and quick to adapt. Very personable and always helpful. Definitely recommend them."

DAY BY DAY

DETAILED ITINERARY

1

ARRIVAL DAY | OVERNIGHT: LOS CRISTIANOS | AIRPORT TRANSFER

DAY 1: ARRIVE TENERIFE, TRANSFER TO HOTEL

Upon arrival at the airport you will be met by your More Adventure leaders who will transfer you to your hotel. After freshening up, a bite to eat and a trip brief, it's time to explore the area, relax and maybe a trip to the beach.

2

35 MILES (56 KM) · 5,300 FT | OVERNIGHT: LOS CRISTIANOS

DAY 2: VILAFLOR RIDE

It's time to get the bikes out! The first route is shortest of the trip in order to allow your legs to find their groove. There's still climbing involved however, as we head to the small town of Vilaflor which is situated 4900ft above sea level. After taking time to rest and refuel, it's time for the twisty descent back to the coast.

3

82 MILES (132 KM) · 12,000 FT | OVERNIGHT: LOS CRISTIANOS | NORTHERN ASCENT

DAY 3: MOUNT TEIDE NORTHERN ASCENT

A long and tough day. We start by transferring a few miles up the coast to tackle Mount Teide from its northern flanks. The first 20 miles are fairly flat although the terrain soon heads skywards as the next 20 miles are all climbing. Topping out at around 7700ft, the terrain is very different from a few hours ago, a lunar landscape with the volcanic cone of Mount Teide towering above. The effects of altitude here are noticeable and the air thinner. "Whats goes up must come down" "Whats goes up must come down" is a very apt saying here in Tenerife and another long twisty ascent through pine forests awaits.

4

71 MILES (114 KM) · 10,500 FT | OVERNIGHT: LOS CRISTIANOS | EUROPE'S LONGEST CLIMB

DAY 4: MOUNT TEIDE ASCENT VIA EL MEDANO

Today we start from the beach at El Medano, famous for it many wind and kite surfers. The climb today is a continuous and unbroken 23 miles and 7100ft of ascent. After a short descent we climb gradually to the small group of cafes and bars where we'll take on some well deserved food and drink. Heading back the way we came, we soon fork off and descend back towards our hotel.

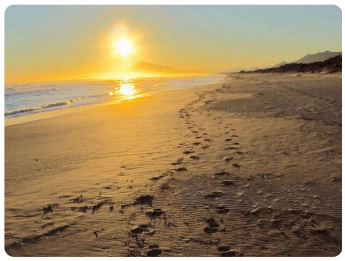

5

26 MILES (42 KM) · 2,200 FT | OVERNIGHT: LOS CRISTIANOS | RECOVERY RIDE

DAY 5: EL MEDANO BEACH RIDE

A recovery ride today, we head out to the famous El Medano beach, taking our time to enjoy the easier riding. A coffee/ice-cream stop and lunch on the beach is the order of the day.

6

58 MILES (93 KM) · 9,000 FT | OVERNIGHT: LOS CRISTIANOS

DAY 6: MOUNT TEIDE ASCENT VIA CHIO

A slightly shorter day today as we climb the mountain from its western side. We cycle west through Costa Adeje towards the small town of Chio where the roads open up and a long gradual climb awaits. From the top of the climb...you've guessed it...an amazing descent awaits!

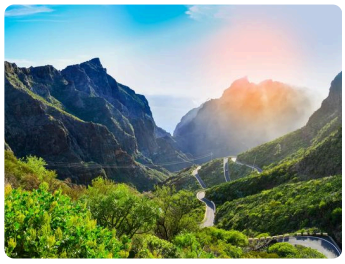

7

60 MILES (97 KM) · 10,800 FT | OVERNIGHT: LOS CRISTIANOS | MASCA

DAY 7: PARQUE RURAL DE TENO

Hidden away in the north-west corner of Tenerife is the quiet and secluded Parque Rural de Teno. The landscape here has it all, from magnificent cliffs, valleys, islands and forests – the cycling is not bad either! A tough day with multiple ascents on a quiet windy road, this is a spectacular day not to be missed.

8

FREE DAY & FLY HOME | AIRPORT TRANSFER

DAY 8: FREE DAY – FLY HOME

Today is yours to do as you please – relax, shop or hit the beach, the choice is yours, you could even go for a cycle!? You will then be transferred to the airport to catch your flight home.
